Job Position: Visualizer

Responsibilities:

- Ability to transfer the brief into an actual design as per the clients requirement. This could range from event collaterals such as invites, brochures, standees, any other event branding to 3D set designs
- Ability to visualize, design corporate events, exhibition stall and social events such as weddings, award shows, birthday parties and landmark celebrations
- Ability to come up with new ideas and concepts and new ways to approach collateral and spatial design
- Proficiency in software applications such as Adobe Photoshop, In Design, Adobe Illustrator & Infographics and 3D software such as 3DS Max, Maya, AutoCAD and SketchUp
- Ability to manage multiple deliverables with minimum guidance and without compromising quality
- Should exhibit knowledge of industry and market trends-and have knowledge of new trends in the design space
- Ability to translate visual/verbal concepts and creative strategy into tangible print or digital designs and have knowledge of print specifications and technologies

Desired Skills

- Multitasking
- Ability to work under deadlines
- Creativity and Design Thinking
- Team player and Collaborative working style

Experience: 2 + years of experience in the events industry

Location: Mumbai – Andheri (west)

Remuneration: As per Industry Standard

Qualification: A diploma in graphic design would be desirable

Industry: All industries can apply. Events and media industry would be desirable
